Dear guests, dear wine lovers,

composing and cultivating a wine card is an delightful and sometimes a very tricky task. The almost unmanageable variety and the constantly growing range of the wine world can only be recorded here to a small extent.

Our following compilation will give you an insight into the wineregions of Europe and will help you to choose from information on origin, production and taste.

*In addition, we have some hidden treasures in the cellar!
Specialties, rarities, wines with certain attributes
e.g. Magnum bottles, vintage champagne – just ask us!*

*This card is updated regularly, but it is possible that a given wine is not available, or that an drunk vintage has been replaced by a following year.
However, we only offer follow - up wines if the
quality is the same or better.*

Therefore, all vintage data are not binding!

In this sense, we wish you pleasant and enjoyable hours with us!

Your team from the restaurant Opéra

*"If you daily take your drop, your heart will always be joyfully beating, as old as wine,
will always be coveted and cheerful."
(Wine king from the Langgass)*
